

## CIVIL ENGINEER (M/F/D) - DEVELOPMENT PLANNING TEAM

exsos is passion!

We develop real estate products for life and the environment in standardized construction made of solid wood with full personal responsibility.

Our expertise creates security of supply in care.

We are expanding our sphere of activity and systematically expanding our multi-professional teams with experts who want to contribute with their work to a subsisted understanding of sustainability for society as a whole.

### WE OFFER MEANINGFUL IMPACT OF YOUR KNOWLEDGE.

Our proven processes and structures ensure clarity and efficient quality in everyday work and offer room for your commitment.

We support you with opportunities for professional development under optimal conditions and meet on an equal footing in everyday life.

We respect our private time and guarantee defined working hours with the aim of professional communication on site. Punctual finishing times and carefree weekends are part of our work philosophy. Individual TOP remuneration and sustainable company vehicles for personal use create security and mobility.
