

HLKS technician/master craftsman as team leader/specialist site manager (m/f/d)

exsos means passion!

We develop real estate products for life and the environment in standardized construction made of solid wood, with full responsibility towards society. Our expertise creates security of supply in the care sector. We are diversifying our sphere of activity, and systematically expanding our multi-professional teams with experts who will be contributing to the work to ensure that an understanding of sustainability is experienced in society as a whole.

Turning your knowledge into impact

Tried and tested processes ensure efficiency and quality of your everyday work, and provide space for your commitment. We provide you with the best possible conditions for professional development. And we treat you as an equal in everyday life. We respect your time and guarantee fixed working hours. Professional on-site communication is part of our corporate DNA as well as caring for stress-free weekends. You will experience security and mobility thanks to individual TOP remuneration and sustainable company cars for your personal use.
